NORWAY
The Skjæggedalsfos

LL6332

TUCK'S POST CARD.

CARTE POSTALE.

POSTKARTE.

The Skjaeggededalsfoss is one of the most magnificent falls in Norway. The water falls with grand effect from a height of 525 feet and in wet weather or when the snow is melting ('Flomtid') the appearance of this fall is most imposing. The ascent is difficult and fatiguing and guides are a necessity, but the view obtained from the top well repays the trouble.
